Ladies and Gentlemen,

The world's leading trade fair K 2019 is a forum for innovations in the plastics industry. In October, K 2019 will reveal which themes the industry will be immersed in.

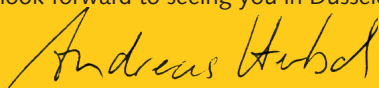

Circular Economy is a major theme, with environmental protection and resource conservation a concern to companies across the world, but especially to those in the plastics industry.

At the KI Group – Summit K 2019, leading company representatives will tell you what challenges the plastics industry faces in future as well as what opportunities there are.

I'd like to invite you to gain new ideas, directions and information from this event. Get the chance to discuss your interests with the experts!

Admission is free of charge for you as a KI Group customer. Sign up now to reserve one of the limited number of available seats.

I look forward to seeing you in Düsseldorf!

Andreas Hertsch, Managing Director, KI Group
